**The Buckingham School - GCSE Results**

The Buckingham School's is today celebrating a good set of GCSE results with significant improvements in 5 A\*-C including English and Maths. The school has seen an 8% increase overall on last year, 15% increase in Science, with A\*-C grades in English and Maths as well as progress measures all being above the national average.

Headteacher, Miss Wells comments, "We are proud of the achievements of all our students, they have worked extremely hard and I would like to thank students and staff, and also parents for their nurturing and encouragement." Miss Wells also added, "It is great for our school, an upper school, to deliver results that are better than the national average."

The school wants to especially recognise the performance of Dominic Ede, Joseph Fuller, Devon Griffiths, Bevan Hill and Elena Kendall.

Although the focus today is on celebrating GCSE results, it is important to remember The Buckingham School's commitment is to drive school improvement in order to achieve the very best for every student. We are really excited about the upcoming year and we can build upon this platform of good GCSE and A Level results to strategically move the school further ahead in its mapped out journey.

The school wishes all Year 11 students the very best in their Post 16 Education and there are still a few places available at our Centre of Further Education (Sixth Form) for the academic Year 2015/16. If you are interested please contact [csherwood@bucksgfl.org.uk](mailto:csherwood@bucksgfl.org.uk).
